To whom it may concern,

Reference for Glyn Key

Based on experience with a previous project when with another company, we subsequently employed Glyn Key, now of GFM International, to act as a Project Manager for a project related to the replacement of a Zalkin capping turret for a major UK Soft drinks manufacture.

He played a valuable role in this project from consultation stage through to completion and Glyn handled the customers' requirements with professionalism and integrity.

The work also included electrical and mechanical installation against tight timescales, with the correct planning and understanding of the requirements of the project. Specialist lifting solutions were employed ensuring the project was completed without any issues, ahead of time, within budget and to the customers' satisfaction.

I look forward to being able to work with GFM International again in the future.

Regards,

Don Kelly
Agency Sales Manager
